

Simplify Your Hiring. Find Top Professionals. Let us do the work for you.

Firestorm People Solutions – Strategic Staffing program is here to help in identifying Direct-Hire personnel or augment your staff with highly skilled consultants on a worldwide basis.

The Leader in Continuity & Resiliency Staffing: Founded in 2000.

Services: Business Continuity Staffing, IT Resiliency Staffing, Crisis Management Staffing, Risk Management Staffing, Information/Cyber Security Staffing.

Firestorm People Solutions – BC Management specializes in finding and recruiting top talent for a diverse range of disciplines and industries. We engage with a hidden candidate pool – over 60,000 professionals in over 90 countries. Firestorm People Solutions – BC Management offers the following services:

Permanent staffing

We help build productive and successful internal teams through the hiring of full-time candidates with the big-picture goal of employee retention. Our services include senior, executive, and mid-level management hiring needs. We extensively vet candidates to recruit top talent who possess the experience and temperament to lead highly successful initiatives.

Contract/Temporary staffing

Firestorm People Solutions assists companies to facilitate coverage of staff for finite projects and awarded contracts, and cover short-term absences due to vacation, PTO, and maternity leave. Firestorm People Solutions has a proven record in placing candidates for temporary and contract roles across a broad range of industries and locations.

Contract-to-hire

Our contract to hire services offer companies a period of evaluation to determine if an employee fits strategically in the long term. Contract-to-hire positions offer candidates short-term employment with the opportunity to become full-time employees at the end of the contractual period. In many cases, contract-to-hire positions are mutually beneficial to both candidates and employers.
